— pp 3-5 — [illegible]

I invite your attention to the letter [illegible] President, the Kolky Coop. Milk Supply society for financial assistance. The financial assistance sought under items 1, 2 and 4 may be considered favourably. As regards society's request to consider the question of giving loans to the members of the Milk Supply Society for the construction of cow sheds and manurial pits, it is desirable to make provision for the issue of such loans on the conditions laid down in the [illegible] Govt. Dt. 4-11-1964. At present there is no provision in the Bye-laws for issue of such loans to members for constructing cow sheds and manure pits. But at the same time, there is no provision in the bye-laws of the Milk Supply society for issue of loans to their members for constructing cow sheds and manure pits. But this question will be seriously dealt with the Registrar of Co-op. Societies, Madras for consideration.
